

TLAP Comments from Pilot Participants

"The ease of the process was just incredible! I am ever so grateful for having this assessment online! The immediate feedback feature, I believe, was incredible for students to learn about their knowledge and skills. It even generated competition among students--a plus!"

"Very easy. Would like to see it expanded and used. Liked the reporting."

"Students were excited to have immediate feedback. However, we couldn't tell what was considered "proficient"."

"Useful information for our program, will help with making changes to our curriculum."

"Very pleased with the whole process and glad we were able to pilot this."

"I have done most of the students—missing very few. I would say this is pretty much a done deal! It was an awesome process! Thank you!"

"Overall, the testing went very smoothly. The actual test-taking was very easy to use and intuitive for the students. The admin side of the test setup and reports could be improved."

"I was so pleased to see how well the online delivery system worked... "

"Thank you again for your attention to detail. I much preferred your program over (vendor) that we used last year. - Congrats to your team!"
